## **PREFACE**

This volume of the annual hydrologic data report of New Jersey is one of a series of annual reports that document hydrologic data gathered from the U.S. Geological Survey's surface- and ground-water data-collection networks in each State, Puerto Rico, and the Trust Territories. These records of streamflow (Volume 1), ground-water levels (Volume 2), and water quality (Volume 3) provide the hydrologic information needed by state, local, and federal agencies, and the private sector for developing and managing our Nation's land and water resources.

Hydrologic data for New Jersey are contained in 3 volumes:

Volume 1. Surface-Water Data Volume 2. Ground-Water Data Volume 3. Water-Quality Data

This report is the culmination of a concerted effort by dedicated personnel of the U.S. Geological Survey who collected, compiled, analyzed, verified, and organized the data and who typed, edited, and assembled the report. The authors had primary responsibility for assuring that the information contained herein is accurate, complete, and adheres to U.S. Geological Survey policy and established guidelines. The following individual contributed significantly to the completion of the report.

## Robert D. Schopp

G.L. Simpson and W.H. Ellis drafted the illustrations.

The data were collected, computed, and processed by the following personnel:

V.F. Brown	L.S. Feinson	E.M. Lindbloom	A.R. Protz	N.P. Smith
G.L. Centinaro	B.J. Gray	J.M. Lewis	T.J. Reed	J.J. Trainor
M.J. DeLuca	K.M. Hayes	N.A. Liu	P.B. Reilly	A.R. Vanselous
J.F. Dudek	H.A. Heckathorn	E.L. Melvin	R.G. Reiser	A.F. Watson
R.E. Edwards	H.L. Hoppe	T.M. Moffett	M.L. Riskin	B.T. White
R.A. Esralew	D.S. Kauffman	B.S. Painter	J.C. Shvanda	

This report was prepared in cooperation with the State of New Jersey and with other agencies under the supervision of Robert G. Reiser, Chief of the Hydrologic Data Assessment Program under the general supervision of David A. Stedfast, Associate Director; Richard H. Kropp, Director, New Jersey Water Science Center; and Catherine L. Hill, Regional Hydrologist, Northeastern Region.
